

EUROPEAN BUIATRICS FORUM 2011 - Marseille, Palais du Pharo - 16-18 November 2011

Scientific Program

AUDITORIUM - NOVEMBER 16th, 2011			
8:00	9:15	Opening and registration	
9:15	9:30	Opening	
9:30	10:15	Keynote - <i>Neospora</i> and toxoplasma	INNES E. (UK)
10:15	10:45	Coffee break	
10:45	12:00	Vetoquinol Symposium: Think short-acting for BRD treatment	
		<i>PARASITOLOGY Session</i>	
12:00	12:15	Results of a French multicentric epidemiological survey on coccidiosis and worms in dairy and beef calves	ALZIEU J.P. (France)
12:15	12:30	Evaluation of botanic active compounds on the coccidian excretion and the growth performance of dairy calves fattened under Spanish conditions	MEDINA B. (France)
12:30	12:45	Additional feeding of herbs in lambs: influence on shedding of <i>Eimeria</i> spp. and on weight gain	PODSTATZKY L. (Austria)
12:45	13:00	<i>Dictyocaulus viviparus</i> : a field study of parasite dynamics in regularly infested herds	CAMUSET P. (France)
13:00	13:15	New data on kinetics of infection by <i>Besnoitiosis</i> in cattle herds from endemic and non-endemic French areas	ALZIEU J.P. (France)
13:15	13:30	Vet 2011 presentation	CHARY J.F. (France)
13:30	14:45	Lunch	
14:45	15:30	Keynote - Speaking about genital inflammation rather than uterine infection	CHASTANT S. (France)
15:30	16:00	Coffee break	
16:00	17:15	MSD Animal Health Symposium: A new paradigm in the treatment and prevention of BRD	
		<i>REPRODUCTIVE DISORDERS Session</i>	
17:15	17:30	Establishment of a standard operating procedure for prediction of the time of calving in cattle	STREYL D. (Germany)
17:30	17:45	Pregnancy-associated glycoprotein ELISA as sensitive and specific laboratory based pregnancy test in cattle	PIECHOTTA M. (Germany)
17:45	18:00	Managing heat stress in dairy cattle: occurrence & control	NOORDHUIZEN J. (France)
18:00	18:30	Identification of the transmission model of <i>Streptococcus uberis</i> in a dairy herd: are dynamic measurement and genotyping useful techniques?	SCHMITT E. (France)

EUROPEAN BUIATRICS FORUM 2011 - Marseille, Palais du Pharo - 16-18 November 2011

Scientific Program

AUDITORIUM - NOVEMBER 17th, 2011			
8:30	9:15	Keynote - Future developments on surgery, anaesthesia and pain management	STEINER A. (Switzerland)
9:15	9:45	Coffee break	
9:45	11:00	Virbac Symposium: Udder health management and responsible use of antibiotics	
		<i>MISCELLANEA Session</i>	
11:00	11:15	Evaluation of three different methods for anaesthesia of calves in umbilical surgery	METZNER M. (Germany)
11:15	11:30	Blood composition parameters in calf from birth to 60 days	MAXIMIN K. (France)
11:30	11:45	Surgical treatment of severe udder infection by vascular ligation in cow	BELBIS G. (France)
11:45	12:00	Long term epidemiologic survey of sensitivity to antimicrobials of pathogens involved in mastitis, respiratory or digestive disorders in European cattle (1995-2009)	GIBOIN H. (France)
12:00	12:15	Is <i>Mannheimia haemolytica</i> highly contagious among newly-received bulls at fattening operations?	TIMSIT E. (France)
12:15	12:30	Forced oscillation technique measurements of pulmonary function: an objective tool to assess the respiratory function in cattle	PRINGLE J. (Sweden)
12:30	12:45	The prevalence of rib fractures and association with lameness in 13 dairy herds	BLOWEY R.W. (UK)
12:45	14:00	Lunch	
14:00	14:15	J. Espinasse award	
14:15	15:00	Keynote - Recent epidemiological insights on control of Q-fever and paratuberculosis	NIELEN M. (NL)
15:00	15:30	Coffee break	
15:30	16:45	Merial Symposium: Parasite antibodies as quantitative markers for the impact and targeted control of parasites in dairy cows'	
		<i>INFECTIOUS DISEASES, VACCINES AND EMERGING DISEASES Session</i>	
16:45	17:00	BTV and EHDV epidemiological situation in the French Martinique and la Réunion Island	ZIENTARA S. (France)
17:00	17:15	BRSV-ISCOMs induce clinical and virological protection in young calves with maternal antibodies	HÄGGLUND S. (Sweden)
17:15	17:30	Outbreaks of jaundice in young calves -a novel disease?	METZNER M. (Germany)
17:30	17:45	Assessment of the curative and preventive effectiveness of different practical modalities of collective treatment of digital dermatitis in dairy herds	RELUN A. (France)
17:45	18:00	Dairy calf mortality in France in 2005 and 2006	RABOISSON D. (France)
18:00	18:15	Lung auscultation recordings and sonographic images from normal cattle and those with respiratory tract pathology	SCOTT P. (UK)
18:15	18:30	BRSV- infections in Norwegian dairy cattle	KLEM T.B. (Norway)
18:30	18:45	Genetic loci associated with digital dermatitis in UK Holsteins	BLOWEY R.W. (UK)
UNIVERSITE DE LA MEDITERRANEE HALL - NOVEMBER 17th, 2011			
11:00	12:30	CEVA Workshop: Challenging the future of cattle reproduction	
16:30	18:00	French Buiatrics Association Symposium	
		Epizootic haemorrhagic disease	BRENER Y. (Israël)
		Bovine neonatal pancytopenia	FOUCRAS G. (France)

EUROPEAN BUIATRICS FORUM 2011 - Marseille, Palais du Pharo - 16-18 November 2011

Scientific Program

AUDITORIUM - NOVEMBER 18th, 2011			
8:30	9:15	Keynote - Sub-acute ruminal acidosis (SARA): what to do in the field	DOHERTY M. (Ireland)
9:15	9:45	Coffee break	
9:45	11:00	Pfizer Symposium: The road to Herd Health Management – working together	
		<i>MISCELLANEA Session</i>	
11:00	11:15	Effect of dietary potassium content and anionic salts on the mineral balance in periparturient dairy cows	RERAT M. (Switzerland)
11:15	11:30	Long-term measurement of rumen pH in dairy cows by an indwelling and wireless data transmitting unit	GASTEINER J. (Austria)
11:30	11:45	Herd audit for bovine parasitology: an effective tool to customize anthelmintic treatments to the real risk	CAMUSET P. (France)
11:45	12:00	Neonatal diarrhea: calves from vaccinated flocks against rotavirus, coronavirus and <i>E. coli</i> excrete less of <i>Cryptosporidium parvum</i>	ADJOU K. (France)
12:00	12:15	Emerging resistance to carbapenems in Gram negatives recovered from dairy cows	MILLEMAN Y. (France)
12:15	12:30	WBC Lisboa presentation	CANNAS DA SILVA J. (Portugal)
12:30	13:45	Lunch	
13:45	15:00	Hipra Symposium: Mastitis prevention: results of vaccination in Europe	
15:00	15:15	Coffee break	
15:15	16:00	Keynote - News about staphylococci	PYÖRÄLÄ S. (Finland)
		<i>MASTITIS DISORDERS Session</i>	
16:00	16:15	Practical application of a tool to evaluate mastitis risk factors and costs in 25 Italian dairy herds	ZECCONI A. (Italy)
16:15	16:30	Relationship between teat end shape and callosity ring and mastitis bacteria isolated in quarters of Norwegian Red cows	GARMO R.T. (Norway)
16:30	16:45	Acute Mastitis with SIRS : the impact of different treatment regimes on acute phase proteins and milk quality	PODSTATZKY L. (Austria)
16:45	17:00	Follow-up study of the use and the effects of a vaccine against staphylococcal and coliform mastitis (Startvac ND, Hipra) in French dairy farms	SERIEYS F. (France)
17:00	17:15	Detection of <i>Staphylococcus aureus</i> Genotype B in samples of routine milk recording and bulk tank milk with PCR	SYRING C. (Switzerland)
17:15	17:30	Analysing dairy health through farmer's competencies and advice makers: examples of dairy cow mortality and udder health	RABOISSON D. (France)
17:30	17:45	Closing	
UNIVERSITE DE LA MEDITERRANEE HALL - NOVEMBER 18th, 2011			
11:00	12:30	French Buiatrics Association Symposium: Emerging and evergreen re-emerging diseases	
		Leptospirosis in cattle	ELLIS W.A. (UK)
		The changing face of Digital Dermatitis	BLOWEY R.W. (UK)
